Ariel Partners Awarded Class 1 Contract for NYC Office of Technology and Innovation Systems Integration

Ariel Partners Secures Prestigious SI Contract to Enhance Technology Solutions for New York City

New York, NY | August 1, 2022 – Ariel Partners is thrilled to announce that it has been awarded the Class 1 Systems Integration (SI) contract by the NYC Office of Technology and Innovation (formerly known as DOITT). This award underscores Ariel Partners' commitment to delivering innovative technology solutions tailored to the unique needs of New York City. The award is for a potential duration of six (6) years, commencing on January 1, 2023, through December 31, 2029, an initial three (3) year term with one (1), three (3) year extension at the discretion of the City.

The NYC Office of Technology and Innovation aims to transform the city's digital infrastructure, ensuring improved service delivery to all residents and businesses. The contract covers system design, implementation, and ongoing support to keep New York City's digital infrastructure at the forefront of technological advancements.

For New Yorkers, this means enhanced efficiency, reliability, and transparency in public services.

“Ariel Partners is deeply honored to receive this award. Our team’s dedication to robust and scalable technology solutions aligns perfectly with the city’s vision of a smarter, more connected urban environment,” said Craig Strong, CTO of Ariel Partners. “This contract will enable us to implement systems integration solutions that will significantly improve the city’s technology landscape, benefiting millions of New Yorkers.”

The Systems Integration Services are available to all New York City agencies, departments, and offices.

Since 2016, Ariel Partners has a proven track record working with NYC Agencies, and this SI contract will leverage their extensive experience to support the NYC Office of Technology and Innovation's strategic goals.

Moreover, Ariel Partners' commitment to continuous improvement and innovation ensures that the technology solutions provided will evolve with the city's needs. By fostering a collaborative environment, Ariel Partners will work closely with city officials and stakeholders to deliver exceptional outcomes and drive sustainable growth for the city's technology ecosystem.

“Our goal is to enhance the quality of life for all New Yorkers through innovative technology solutions,” added Craig Strong. “Our customer-centric approach ensures that we understand and meet the unique needs of the communities we serve.”
