Ariel Partners Implements Unanet ERP for Enhanced DCAA Compliance

Ariel Partners' Upgrade from QuickBooks to Unanet ERP Ensures Robust DCAA Compliance for Clients

New York, NY | March 1, 2023 – Ariel Partners, a leader in IT consulting and enterprise transformation, proudly announces the successful implementation of Unanet ERP, significantly enhancing their compliance with the [Defense Contract Audit Agency](#) (DCAA) regulations. This strategic upgrade from QuickBooks to Unanet ERP underscores Ariel Partners' commitment to delivering superior financial management solutions that meet stringent federal requirements.

Transitioning to Unanet ERP means more efficient and compliant financial processes for our clients, ensuring that they meet DCAA standards with ease. Unanet ERP offers a comprehensive suite of tools designed to streamline project accounting, timekeeping, and cost management, making it easier for organizations to maintain compliance and focus on their core missions.

"Upgrading to Unanet ERP has been a game-changer for us. It not only simplifies compliance with DCAA regulations but also enhances our overall operational efficiency," said Craig Strong, CTO of Ariel Partners. ***"The move from QuickBooks represents our ongoing commitment to providing cutting-edge solutions that drive success and ensure compliance."***

DCAA compliance is a critical factor for government contractors, ensuring that they adhere to GAAP, FAR, and DCAA requirements, including the ability to segregate reimbursable versus non-reimbursable costs for "Cost-Plus" contracts. Unanet ERP's robust features support these requirements, providing real-time visibility into project performance and financial health. This upgrade enables us to meet the demands of federal contracting with confidence.

Ariel Partners' expertise in IT consulting and enterprise transformation, combined with the powerful capabilities of Unanet ERP, will allow us to continue to excel in a competitive landscape. Our focus remains on delivering value and ensuring that our clients are well-positioned to meet their goals.

Ariel is a certified minority and woman owned business headquartered in Times Square, NYC. Ariel provides digital services, coaching, training, and management consulting to government and commercial clients. Ariel holds a Top-Secret Facility clearance and is appraised at maturity level three by CMMI for both Development and Services. Ariel is certified ISO 9001:2015, ISO/IEC 20000:2018, and ISO/IEC 27001-2013 compliant. Ariel has recently achieved 100% compliance with NIST 800-171 standards for exceptional cyber security, including all 110 controls required for the US Government DOD Cyber Maturity model (CMMC) level two compliance.
