Ariel Partners Achieves Prestigious CMMI Level 3 Re-Certification

CMMI Helps Organizations Better Understand Their Current Level of Capability and Performance

New York, NY | June 6, 2024 – Ariel Partners, a renowned leader in IT consulting and enterprise transformation, is proud to announce that it has successfully achieved CMMI Level 3 re-certification for Development and Services. This re-certification underscores Ariel Partners' unwavering commitment to delivering high-quality, reliable, and efficient solutions that drive customer success.

For our customers, the CMMI Level 3 re-certification signifies a proven standard of excellence in both development and service delivery processes. This milestone demonstrates Ariel Partners' ability to implement and sustain effective processes that ensure project success, mitigate risks, and enhance overall performance. Clients can expect streamlined workflows, improved project predictability, and superior service quality, all of which are crucial in today's fast-paced and ever-evolving business landscape.

CMMI (Capability Maturity Model Integration) is a globally recognized framework that helps organizations improve their processes and achieve higher levels of performance. The Level 3 re-certification confirms that Ariel Partners has standardized its processes and is effectively using them across all projects, resulting in consistent and high-quality outcomes for its clients.

"Ariel Partners' CMMI Level 3 re-certification assures our clients that we are committed to excellence and continuous improvement," added Strong. **"This re-certification not only enhances our capabilities but also strengthens our ability to support our clients in achieving their business objectives and navigating complex challenges."**

Ariel Partners has a distinguished track record of success with notable clients across various industries, including government, healthcare, and finance. The CMMI Level 3 re-certification further solidifies Ariel Partners' position as a trusted partner for organizations seeking to achieve operational excellence and sustainable growth.
